Sir,

I have been entrusted with the collection of a Fund to commemorate two planters, H. C. Campbell and H. S. Follett, who left Mysore with Lumsden's Horse, and met their deaths in South Africa.

It has been suggested, that if the sanction of Government could be obtained, the money thus collected should be devoted to the addition of a Planters' ward

I have seen to be no objection to the opening of such a Ward provided it is in keeping with the rest of the building but

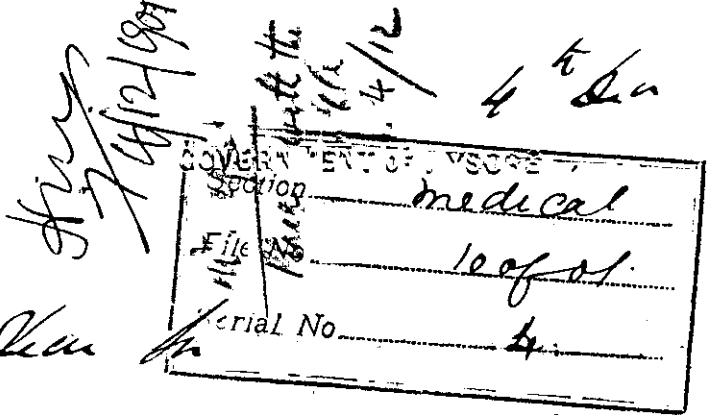
Dear Mr Langmaid

Since I saw you recently
Mr Kinnear called upon me to build a
Grand Pier at the end of Planders at
the Aquarium I cannot see there any
objection to the plans being altered
to build a row of Chambers, provided they
have sufficient support and build on
the same style of architecture as
the present buildings & that the Architect
who designed the buildings (Mr Stone White)
can find a suitable site down
Corbiere to undertake to find what the charge
would be for such Chambers on the Ground



Jan 9.07 3 Lee

I can see no objection to the
Agency & Hawkes Bay &
the Victoria Hospital
to use the bell & the Kerosene
tin to let me know the
Numbers & birth expected, &
after & this can be collected

Sir

As agreed the terms are
contained in the enclosed
in the letter. I have
left a duplicate thereof
herein for your signature
